APPLICATION FOR WELL AND SEPTIC PERMITS

Only the applicant or the Authorized Agent, designated on the appropriate form, will be allowed to pick up permits.

Please complete only the required sections of the application that apply to the service you are requesting. The table below explains which sections are required for each service.

If you need help with any part of the application, please ask for an instruction sheet. This will define and explain where to find the answers to each question on the application.

➢ Before an application may be accepted, all the site preparation must be completed.
➢ In order to make the evaluation process as efficient as possible please make sure that all site preparation is done such as: proposed building and well location staked, driveway marked, property corners and lines clearly and correctly marked, holes dug etc.
➢ In most cases the permit procedure can be accomplished with 3 visits to the property if all site preparation work is done properly. A site revisit fee of $50.00 will be charged to evaluate property not prepared as specified in the instructions. This fee begins after the third visit.

All applications must be signed and dated.
SITE PREPARATION INSTRUCTIONS AND EXAMPLE SITE PLAN

The applicant/agent is responsible for preparing the property for the soil/site evaluation. The property corners and property lines must be clearly and correctly flagged in the field. Any existing septic systems and water supplies within 100 feet of the property to be evaluated must be identified on the site plan.

A minimum of four test holes or backhoe pits must be dug. The holes, if dug with posthole diggers, must be at least 12 inches wide and 36 inches deep. If dug with a backhoe, the holes must be 30 inches wide and 48 inches deep. The holes should be spaced 30 to 50 feet apart and should be dug along the contour of the ground. (See Example Layout Below)

How to choose the area to dig the test holes: We would like to place the septic system in the location you prefer. You can help us do this by locating the holes in areas that meet the following setbacks; At least 50’ from any creek or spring, 15’ from any proposed structure or driveway, 10’ from any property line, and 100’ from any existing or proposed well location.

Grading and excavation of the property is not recommended prior to this department’s evaluation.

SHOW EACH OF THESE ON THE SITE PLAN:

1. Structures(s) (existing or proposed)
   (Dimension of proposed structures including decks)
2. Distance to proposed structure(s) from two (2)
   different points or fixed benchmarks (see below)
3. Water supply source (well or spring).
4. Driveway (existing or proposed)
5. Property Corners & Lines
6. Septic System(s) (existing or proposed)
7. Water Lines (existing)
8. Wells and Fuel Tanks within 100 feet of the site
9. Streams, Springs, or other surface water
10. Subsurface drains

To make the permitting process faster for everyone, please give accurate measurements for the proposed construction.

EXAMPLE SITE PLAN
APPLICATION FOR WELL AND ON-SITE WASTEWATER PERMITS

SECTION 1
INITIAL THE APPROPRIATE LINE(S) FOR WHAT THIS APPLICATION IS FOR:

- NEW WELL CONSTRUCTION PERMIT
- WELL ABANDONMENT
- WELL CAMERA INSPECTION
- REPAIR (Well / Septic)
- RELOCATION OF SEPTIC TANK
- NAME CHANGE
- NEW SEPTIC SYSTEM (Improvement Permit and Authorization to Construct)
- COMPLIANCE INSPECTION (for proposed construction location only)
- MIGRANT HOUSING INSPECTION
- EXPANSION OF AN EXISTING SEPTIC SYSTEM
- CHANGE OF EXISTING PERMIT (Well / Septic) (Limited / Comprehensive)

INFORMATION ON THE PROPERTY TO BE EVALUATED

DETAILED Directions to Property:

Property Size: __________________________ Parcel ID/ PIN: __________________________ County of Property: __________________________
Subdivision Name: __________________________ Lot #:____________ Section: __________ Date Platted** __________
**Date property recorded with the county as it currently exists.

- YES  NO Is any part of the property in the 100 flood plain?
- YES  NO Are there any drinking water supplies within 100 feet of this property? (If yes show them on the site plan.)
- YES  NO Is this property subject to watershed restrictions?

SECTION 3

STRUCTURE INFORMATION

DESCRIBE THE EXISTING OR PROPOSED STRUCTURE:

- HOUSE
- GARAGE APARTMENT
- MOBILE HOME
- BUSINESS / OTHER
- APARTMENTS / TOWNHOMES
- CONSTRUCTION DESCRIBED BELOW

- YES  NO Basement
- YES  NO Water Fixtures in Basement

Proposed Occupancy: __________________________
Number of Bedrooms: __________________________

Special Fixtures: Circle all that apply: Garbage Disposal, Oversized Tubs, Multi-head showers, Multiple Master Bathrooms or Kitchens

Special Fixture Description:

Business / Other Description:

Number of Employees: __________________________ Square footage of Commercial Building: __________________________ Hours of Operation: __________________________

Compliance Inspection (for proposed construction only):
Describe the proposed construction and show the location of any existing structures, proposed additions, +excavation or other improvements to the property on the site plan.

Describe:

If you have an existing septic system, what year was it installed and under whose name was it permitted?

SECTION 4

SECTION TO REQUEST AN ON-SITE WASTEWATER SYSTEM TYPE:

- Any System Type
- Accepted
- Alternative
- Conventional
- Innovative
- Other

Please Indicate Desired System Type(s) (Systems can be ranked in order of your preference):
WATER SUPPLY INFORMATION

(Show location on site plan)

_____YES  _____NO    Is water provided by a public water supply? Name of water supply system: _____________

If yes then please skip to Section 8.

The following information applies to a: ______Proposed Well ______Existing Well Year the well was drilled: __________

______Existing Spring (skip to section 8) ______Proposed Spring (skip to section 8)

Well will be used for:

_____ Private Well _____ Shared Well _____ Other (Describe below)

Other Includes: Business, Restaurant, Daycare, Migrant housing, etc. Description: ____________________________________________
______________________________________________________________________________________________________________

If different than the property described above, property the drinking water supply is located on. LOT #:______ Parcel ID #:____________________

Directions to the Water Supply:_________________________________________________________________________________________________

SHARED WELL INFORMATION

What is number of the existing and/or possible future connections to this well? __________If more than one (1) connection, list the
connections by Lot # and/or Parcel ID #:____________________________________________________________________________

WELL SITING INFORMATION

_____YES  _____NO    Is there or are you proposing to place a fuel tank(s) on the property? (Not including propane or natural gas tanks.)

_____YES  _____NO Is there a fuel tank(s) on the adjacent properties?

_____YES  _____NO Are there any current or pending restrictions regarding groundwater use as specified in G.S. 87-88(a)

_____YES  _____NO Are there any variances regarding well construction or location issued under 15A NCAC 02C .0118

_____YES  _____NO Are there any easements, or right of ways recorded on this property? If yes, describe and attach a copy of the
easement and/or right of way documentation to this application: _______________________________________________________

Show on the site plan all existing wells, springs, surface waters, designated wetlands, existing or permitted sewage disposal systems,
chemical or petroleum storage tanks, landfills, waste storage, known underground contamination and any other characteristics or activities
on the property or adjacent properties that could impact groundwater quality or suitability of the site for well construction.

Are there any existing or permitted septic systems, what year was it installed and under whose name was it permitted? __________

WELL ABANDONMENT or WELL CAMERA INSPECTION

Year the well was drilled: __________ Depth of the existing well: _______________ Casing depth of the existing well: __________

Describe why the well is being abandoned: ___________________________________________________________________________

Is there any contamination of the water in the well? ____________________________________________________________________

_____YES  _____NO  Property corners clearly and correctly identified

_____YES  _____NO  Plat attached

_____YES  _____NO  Proposed structures staked onsite

_____YES  _____NO  Proposed well site staked

_____YES  _____NO  Holes dug

TO COMPLETE THE APPLICATION DRAW A DIAGRAM OF THE PROPOSED CONSTRUCTION ON THE SITE PLAN PAGE PROVIDED.

Applicant must notify this department if this site is subject to approval by other public agencies (other than the planning and inspection department) or wastewater other than sewage will be generated.

THIS APPLICATION AND FEES PAID WILL BE VALID FOR A PERIOD OF TWELVE MONTHS FROM DATE OF RECEIPT. AFTER
12 MONTHS THE APPLICATION IS VOID AND THE APPLICATION FEE IS NON-REFUNDABLE.

ALL HEALTH DEPARTMENT PERMITS ARE SUBJECT TO SUSPENSION OR REVOCATION IF THE SITE PLAN OR THE INTENDED USE CHANGES.

I CERTIFY THAT THE INFORMATION ON THIS APPLICATION IS TRUE AND CORRECT AND WILL NOT BE ALTERED WITHOUT
PRIOR HEALTH DEPARTMENT APPROVAL.

Signature of Applicant or Authorized Agent __________________________ Date __________________________

OWNER / AGENT AUTHORIZATION FORM

PROPERTY TO BE EVALUATED
MUST FILL OUT COMPLETELY

Owner of Property: _______________________________________
Parcel ID / PIN #:____________________________________
Subdivision Name:__________________________________________________        Lot #:  _________         Section #: __________

PROPERTY OWNER’S AUTHORIZATION FOR APPLICANT (Potential Buyer)

I, _______________________________________
(name of property owner)
being the owner or the legal
representative of the business which owns the property specifically described above, do hereby authorize
_________________________________________
(name of applicant)
or their legal representative to pursue
permits issued by the Appalachian District Health Department. I understand that this authorization
includes but is not limited to: (1) Applying for Health Department permits, (2) Preparing the site for on-site
soil evaluations, (3) Accomplishing other necessary actions as required by the Appalachian District Health
Department (i.e backhoe pits, surveying, clearing the lot of underbrush), (4) Locating or gaining knowledge
of all pertinent fuel storage tanks, wells, springs, septic systems, etc…

This authorization will be in effect until a written notice of revocation is received by this office from the owner,
or until one year from date of signature by owner.

________________________________________________________           ________________
(Owner's signature)                                                             (Date)

APPLICANT’S AUTHORIZATION FOR AN AGENT TO ACT AS THEIR LEGAL REPRESENTATIVE

I, _______________________________________
(name), being the applicant for an Improvement Permit / Authorization for Wastewater System Construction and/or a Well permit do hereby authorize
_________________________________________
(name) to act as an agent on my behalf to do the following: (1) Apply for
Health Department permits, (2) Prepare the site for on-site soil evaluations, (3) Accomplish other necessary
actions as required by the Appalachian District Health Department (i.e backhoe pits, surveying, clearing
the lot of underbrush), (4) Locate or gain knowledge of all pertinent fuel storage tanks, wells, springs, septic
systems, etc…

I understand that I or my legal representative must sign for all permits issued by the Health Department.

This authorization will be in effect until a written notice of revocation
is received by this office from the applicant.
