If there is concern about the authenticity of the document, staff should attempt to verify the documents in every way possible. If the documentation cannot be verified, staff may require the participant/parent/guardian/caretaker provide the original documents.

** NC eWIC card can be used as identification after initial certification has been established. Local agency staff must ask participant/parent/guardian/caretaker their name, address and date of birth and confirm this information in Crossroads system. When an individual present is the proxy, identification must be established before food benefits can be issued according to allowable proof of identity.

When the applicant/participant only has items that list a post office box, staff must document the physical address as well as the mailing address in the Crossroads system.
